### FULL-TIME COURSE GUIDE

### **WELCOME**

Welcome to our full-time course guide. This guide details the further education courses you can study full time. Further education is your stepping stone between school and work, or university.

At East Riding College, our aim is to help you develop the skills you'll need for either route and to help you achieve your goals. Our exceptional tutors are often industry experts who have 'been there and done it'. They can help you develop the technical and professional skills you'll need to take you further. If you see yourself studying at university, our level three courses earn UCAS points and prepare you for the step up to higher education.

Alongside your studies we'll enrich your experience and provide you with a wider set of skills and abilities, which are essential in today's highly competitive jobs market.

We have some of the best facilities in the region - you'll learn in a modern, specialist, state-of-the-art environment. You'll also study in a flexible way, where you'll take responsibility for your own learning, because at College you are treated like an adult, to prepare you for the world of work or university.

I look forward to welcoming you to East Riding College.

Mike Welsh Principal and Chief Executive

### THE EAST RIDING COLLEGE MISSION

East Riding College will continue to be a leader in the social development and economic success of the region, working in partnership to provide access to the highest quality education and skills training to meet the needs of individuals, employers and the communities we serve.

### EQUAL OPPORTUNITIES

East Riding College operates an equal opportunities policy. We welcome applications from everyone. We believe College life is improved by having people from different backgrounds and interests working and studying together, sharing their experiences and learning from each other.

#### **SAFEGUARDING**

The College aims to provide a safe learning environment for all, including young people and vulnerable adults. Safeguarding learners is a priority and we work with the Local Safeguarding Children Board to identify young people and vulnerable adults who are suffering or likely to suffer harm so that appropriate intervention measures can be taken or appropriate support put in place.

#### DISCLAIMER

Every care has been taken to ensure the accuracy of the information in this course guide, which was correct at the time of going to press. East Riding College can accept no responsibility for the consequences of any error or omission in this course guide. If, in the opinion of the College, circumstances necessitating a change to the course offer occur, an advertised course may be changed, or its contents modified. Courses are subject to successful recruitment and the availability of external funding. The College reserves the right to close a course where there is insufficient interest for it to be viable. Applications are accepted in accordance with the conditions of the College's Admissions Policy.

### WE OUR CAMPUS

Our newest campus is in Beverley and is within the lively Flemingate shopping and leisure development. The campus is packed with the latest in teaching and learning technology to ensure you get the most out of your course and have an excellent experience. Students learn in real-life commercial environments like our Elwell's restaurant, Inspire hair and beauty salon and New Horizons travel shop.

Our Bridlington campus recently celebrated its 10th anniversary and is a modern, purpose-built learning environment, which houses specialist facilities such as the Bridlington Mechatronics Centre and our Clinical Skills Centre. It is also home to Archers, our training kitchen and restaurant and another Inspire hair and beauty salon.

### A BITE TO EAT

Our Beverley and Bridlington campuses have refectories, which serve a range of healthy and tasty food at reasonable prices. They're relaxed and informal places where you can get your lunch, have a bite to eat between classes or hang out with friends.

Our Beverley and Bridlington sites also have training restaurants which serve top quality food to members of the public. You can book a table for lunch or come along with your family and friends. Call 01482 390760 for Elwell's restaurant at Beverley or 01262 455063 for Archers restaurant at Bridlington. (Term time only.)

### **E-LEARNING CENTRES**

Our e-Learning centres are home to a wide range of reference materials, e-books and course texts as well as DVDs and interactive CD-ROMs to support your studies. They also have lots of computers, laptops and iPads available to borrow, and photocopying services to support learners at the College.

Even if you aren't in College you can access thousands of e-books and e-resources in our online library 24/7, via the College virtual learning environment.

### Inspire Hair & Beauty

Our salons offer a full range of hairdressing, beauty and holistic therapy services to students and members of the public. Why not call in and treat yourself to a massage or manicure? Call 01482 390744 for Beverley or 01262 455044 for Bridlington (Term time only.)

### NEW HORIZONS TRAVEL AGENCY

Travel and tourism students book holidays, day trips and concerts for real paying customers. New Horizons can be found at our Beverley campus, and it's open to students too!

Call 01482 390933.

### STUDENT LIFE

College life is very different to school; you have more freedom and you're treated more like an adult but at the same time, you're expected to attend your classes and take responsibility for your own work.

At East Riding College, you will benefit from a range of extras that, along with your chosen course, will make you a strong candidate in the highly competitive jobs market and will help you meet the entry criteria for higher education at university or college.

These include enterprise and employability skills, work experience and a range of extra-curricular activities called enrichment.

If you are aged 16 to 19, in addition to your chosen vocational or academic qualification your study programme will also include:

- Enterprise and employability skills development to give you the essential skills for future progress to further study or employment
- · English and mathematics
- Enrichment activities including educational visits, visiting speakers, sport and fundraising activities
- A tutorial programme, including your personal tutor

### PRACTICAL PROJECTS & TRIPS

Learning isn't just about studying in a classroom; it's also about getting out and about and seeing and doing things for yourself.

We want our students to have the experience to back up their qualifications. Lots of our courses involve placements with a company doing jobs that are relevant to your qualification or career choices. This will give you a real taste of the job and practical experience that will help you in your coursework.

### **LEARNER VOICE**

Your voice matters here at East Riding College. The Learner Voice represents your opinions and choices, ensuring all learners are heard and feel valued. Your student rep will attend College committees and focus groups, voicing ideas and helping to shape college life. East Riding College student reps are energetic, reliable and passionate about their learning environment.

#### NATIONAL UNION OF STUDENTS

You also have the opportunity to purchase the new NUS Extra card TOTUM which will give you discounts on clothes, travel, music and eating out.

**Your** student discount card

### **HELP CREW**

Look out for our team of learners who are ready to help YOU. The Help Crew are more than just support, they promote and take part in events and activities throughout the year. The Help Crew ensures every learner gets the opportunity to know what's going on around the College, outside of the classroom and in the extra curricular times during the college week.

### **SPORT & ENRICHMENT**

East Riding College offers a range of sporting activities and opportunities. The variety of sports range from rock climbing to ice skating, and from cricket to tennis. Alongside this, enrichment provides amazing experiences and allows learners to take part in thought-provoking, yet fun and meaningful activities. Join in with Sport and Enrichment, every Wednesday afternoon.

### **PROGRESS TO SUCCESS**

Elland won a national BTEC Art & Design Student of the Year award in 2018. As a result of her outstanding performance on her course, Elland was also offered a prestigious university scholarship.

Elland said, "Before coming to East Riding College I had lost all faith in the education system due to having such a bad experience at school. When coming to East Riding College I didn't know what to expect, but as soon as I stepped foot through the doors I knew this was the place for me. I had the freedom to develop my own style and the opportunity to work on creative, industry-related briefs. I was excited about education again, and ready to face the challenges that came with each project. I am so overwhelmed to be awarded BTEC student of the year for art and design, and I am proud I can represent East Riding College, and show the amazing opportunities that come with studying a BTEC."

Helen Mayoh won the coveted Copper Saucepan at Beverley Food Festival. Helen works at AAK UK Ltd in food development and recently completed a level 2 diploma in professional cookery.

Helen said, "It is a huge honour to win this long standing competition, especially with the high quality of the other competitors. Cooking and working with food is something I do every day at work, but it's amazing to get the feedback from the judges and top chefs in the local area. Studying at the College has helped me to refine my cooking skills into true chef skills, from flavour balance in dishes and menu construction, to presentation skills and textures. I use these new skills every day at work, and at home when cooking for friends and family."

### 1 IN 4 STUDENTS ACCEPTED INTO UNIVERSITY NOW HAS A VOCATIONAL QUALIFICATION

Bridlington student Jasmine McCann was awarded a scholarship from the Lords Feoffees of Bridlington. Jasmine studies Fashion Promotion at the Manchester Fashion Institute, part of Manchester Metropolitan University.

Jasmine said, "Because on the course I'm doing I'll be using specialist software like Photoshop, so I want to use the scholarship money initially to buy a Mac book computer so I have the equipment I need to work on my designs. It will really help."

Jasmine, who lives with her proud Nan, Margaret Fenton (pictured with Jasmine) excelled on her college course, producing a fashion magazine as part of her final project. Student James Balkwill, aged 19 from Gransmoor near Driffield was chosen to receive a bursary for joinery from the Gordon Leason Carpentry Scholarship Fund, awarded by the Rotary Club of Driffield. The £500 annual prize is intended to help students buy their first tools of the trade.

James' Mum Tracey Balkwill said, "I am so proud of James. He's had many challenges, including having autism, but within the last year his whole life has turned around. He is so much more confident, relaxed and happier. He has made enormous steps forward with his joinery skills and is always making things at home."

James added, "The course has been so different from being at school. I have enjoyed studying as part of a team, supporting each other along the way. With the money received I will be buying some joinery tools. I will be continuing with my studies on the Level 2 Diploma in Joinery."

The College has a qualified team of guidance staff who are on hand to provide expert support. They can help you:

- explore your career options
- choose the most appropriate course
- ✓ plan what to do after College

The College's tutors are industry experts and will also advise on:

- career opportunities available
- routes and progression opportunities
- ✓ what you'll learn
- √ how you'll be assessed
- what previous students have gone on to do.

You can meet tutors from different curriculum areas at open events, and once you apply, a tutor will conduct your interview.

If you're not sure what you want to do or even which career is best for you, come along to an open event or ring and make an appointment to see our guidance officers or talk to them on the phone. The number is **0345 120 0044**.

Or check out our web page

### www.eastridingcollege.ac.uk/careers

Once you're here, you'll have loads of opportunities to explore your next steps, with careers and jobs fairs, guidance on UCAS applications and support with work experience.

The College's support team is recognised regionally and nationally for the quality of its guidance services. The College is accredited to the Humber Gold Standard and the Matrix Standard for information, advice and guidance.

### **Learning support**

The College welcomes and supports all learners with additional needs and disabilities. The College has an expert team of staff available to support learners with disabilities and learning difficulties. All learners complete an initial assessment at the beginning of their course to identify the support that is appropriate.

#### **Childcare**

Help with childcare costs may be available. The College works with a range of nurseries and registered childminders. Call us on 0345 120 0044 for more information about the support that is available and the child care providers we work with.

#### **Personal tutors**

The College's support, care and guidance were judged by Ofsted as outstanding at our last inspection. Every full-time student has a personal tutor who regularly reviews your progress to ensure that you are on target to successfully complete your programme and progress in your chosen career.

### **STEP 1 APPLY ONLINE**

Applying online is quick and simple: Got to **www.eastridingcollege.ac.uk** Find your ideal course using our course finder and click on "apply now". The form only takes a few minutes and you can even do it on your tablet or mobile.

Alternatively, request a paper application form by calling 0345 120 0044. Applications can be submitted at any time of year.

### **STEP 2 INTERVIEW**

Our interviews are quite informal so please feel free to bring a relative or friend. It's a chance for your tutor to get to know you and for you to understand more about the course.

The table below shows what you'll need to achieve in order to be accepted onto courses at different levels. Some courses have additional specific requirements, such as a GCSE in a relevant subject, and these can be found on the course page on our website.

Entry Criteria			
Level of course you want to study	GCSE grades required	Old GCSE equivalent grades	
3	Five GCSEs grade 4 to 9 (A-level programmes) Four GCSEs grade 4 to 9 (vocational programmes) Or level two diploma (merit) Or first diploma (merit) Or NVQ level two Or equivalent	Five GCSEs grade A* to C (A-level programmes) Four GCSEs grade A* to C (vocational programmes) Or level two diploma (merit) Or first diploma (merit) Or NVQ level two Or equivalent	
2	Four GCSEs grade 3 and above Or level one diploma Or introductory diploma Or NVQ level one Or equivalent	Four GCSEs grade D or above Or level one diploma Or introductory diploma Or NVQ level one Or equivalent	
1	A minimum of two GCSEs Or Skills for Life qualification Or entry level three qualification Or equivalent	A minimum of two GCSEs Or Skills for Life qualification Or entry level three qualification Or equivalent	
Entry	No formal entry criteria	No formal entry criteria	

### **STEP 3 OFFER**

If your interview is satisfactory, we'll send you an offer, which might be conditional upon your exam results or other factors.

To be accepted onto the course you'll usually need:

a satisfactory interview, and/or initial assessment\*

a reference for school leavers

to meet the entry requirements for your chosen course.

In addition to the above criteria, all courses require a commitment and enthusiasm for the subject.

#### **MATURE LEARNERS**

We welcome applications from mature learners without the traditional qualifications and will consider them on an individual basis.

\*If English is not your first language, you will be tested to ensure you meet the standards required.

#### NATIONAL RULES ON STAYING IN EDUCATION OR TRAINING

Don't forget, you now have to stay in education or training until you're 18. This does not mean you have to stay in school but means you can choose one of the following:

- Full-time education, including college
- An apprenticeship
- Part-time education or training if you are employed, self-employed or volunteering full-time

For more information about this, go to our website or call 0345 120 0044 and ask to speak to a guidance officer.

### FINANCIAL HELP

We've developed an attractive package of financial support for 16 to 18 year olds studying full-time courses.
This includes:

Free travel for those living more than two miles from their nearest place of study

Help with equipment costs where high cost specialist equipment is required

Bursary of up to £1,200, subject to eligibility

Support towards the cost of childcare from the national Care to Learn Scheme (for learners under 20 years old when

their course starts)

A free meal every day, subject to eligibility

### How much will my course cost?

Full-time education is free for everyone under 19 years old. If you're aged 19 or over, you may not have to pay anything, depending on your circumstances. For information about eligibility, go to www.eastridingcollege.ac.uk/fees or call 0345 120 0044.

### Financial help for those aged 19 and over

Depending upon personal circumstances, and subject to the availability of funding, financial support is available to those learners aged 19 and over studying full-time to help with the costs associated with their study.

- Support with travel costs for those living more than two miles from their nearest place of study
- Additional support towards essential course equipment and uniforms
- Support towards College-related costs
- Childcare to a maximum of £180 per week

### Course fee loans for people aged 19 and over

You can now take out a low-cost loan if you're aged 19 and over and enrolling on a level three or four course. These Advanced Learner Loans are available on the same terms as higher education student loans, with low interest rates and reasonable repayment terms, so you don't start paying them back until you're earning £25,725 a year. Applications are simple to do and are not means tested or credit checked. These loans apply to all level three courses in this prospectus including Access to Higher Education courses. Even better, if you take a loan to pay for your Access course, the debt for that course is written off if you progress to higher education and complete your qualification.

Funded travel is available to all 16-18 year old learners, on full time courses, who live more than 2 miles from their nearest place of study\*.

#### You can:

- Travel by East Yorkshire Buses.
- Travel by dedicated College services BC4 (from Withernsea), BC8 (from Gilberdyke) and the ER1(from Hull via Bricknell Avenue and Cottingham)
- Travel by other public transport if East Yorkshire Buses or dedicated College transport is not available.

Travel by other public transport is subject to agreement and is reimbursed in arrears, based on attendance. Funding for all transport is available for timetabled days only. If you are 19 or over, you may be eligible for free transport or support to pay towards travel, dependent on circumstances, please call **0345 120 0044** for more information or check the website.

\*Subject to change. Always check the website for the latest information on transport and travel **www.eastridingcollege.ac.uk/transport** 

If you can't travel independently because of additional needs - not because of where you live - you may be eligible for assistance. For more information, contact your Youth and Family Support Service Advisor. If you have not been allocated an advisor, contact your local office on Beverley 01482 391300 or Bridlington on 01482 391380.

8,000 EMPLOYED IN THIS SECTOR IN THE HUMBER

Source: I MI Humber

College student Nathan Kaiser, 22 from Hull competed in TV cooking show Reality Bites.

The cookery competition pits student chefs against each other in a competition held in some of the best restaurants in the region.

Nathan who works at the Wellington Inn in Lund, near Driffield got through to the semi-final. Nathan said, "It was a great experience, working in different kitchens with other chefs and cooking different types of cuisine. Cooking in a professional kitchen can be pressurising but cooking in front of a camera crew takes it to another level!"

All the episodes are on Estuary TV's You Tube channel

### INNOVATION EVERY DAY

Are you a problem solver?
A code breaker? Your
analytical mind might be your
greatest asset if you pursue
a career in computing.
Computing incorporates
devising systems and
programs, troubleshooting
and creative thinking. In such
a rapidly changing industry,
you also need to have a love
for your subject, in order to
stay up to date with the latest
developments.

James Balkwill studies carpentry and joinery, and received a £500 bursary from the Gordon Leason Scholarship Fund to pay for his tools of the trade.

James said,

"The course has been so different from being at school. I have enjoyed studying as part of a team, supporting each other along the way."

### **EARLY YEARS & CARE**

## Your future. Their future.

The early years, healthcare and social care sector is a rewarding and fulfilling place to work. If you enjoy team work, working with children or with people in general, and want to make a real difference to others' lives, then the caring professions could be for you. Jobs in childcare, adult social care or healthcare are often hands-on practical roles which also require a lot of training, in depth knowledge and people skills.

Our full time programmes cover early years (childcare), or health and social care. You will gain an in depth understanding of your subject, as well as the associated skills needed to work or pursue further training in the sector. Our courses are taught in a practical and realistic way by sector specialists. Roles like childcare practitioners or healthcare workers are hands-on roles, but a lot of knowledge underpins the day to day activities carried out. For instance, in childcare you will study legislation and professional practice as well as play and learning, whilst in health and social care you will gain an understanding of psychology and human growth and development.

- access to mentoring
- regular seminars led by health and social care professionals
- practical sessions in the new Clinical Skills Centre

Our Clinical Skills Centre is where students practice the clinical skills they will need in the workplace. The Centre is equipped with simpatients in a hospital ward and homecare setting.

### **ENGINEERING**

## FUTURE INNOVATORS MANTED

Engineering is at the heart of the UK's economic success, yet skills remain in short supply. It is a huge and wide-ranging sector which relies on scientific, technical, practical, design, and computing skills. The sector is desperate to grow the talent pipeline. Entry into the engineering sector can lead to interesting, well paid and rewarding careers.

### JOBS IN THIS INDUSTRY

- CAD technician
- Engineering operative
- Welder
- Electrical Engineer
- Aerospace Engineer
- Marine Engineer
- Energy Engineer
- Robotics Engineer

Source: LMI Humber

Our programmes are a mixture of hands on, practical experience in the workshops and providing the broader knowledge required to prepare students for the wide variety of roles in the engineering sector. This combination of understanding the principles, methods and technology gives students the broadest base from which to take their next steps into a career or further study.

In 2017 the College opened its Mechatronics Centre in Bridlington, to complement its engineering facilities across both campuses, which include full motor vehicle workshops, CNC milling, welding and CAD facilities. Mechatronics is engineering at its most high-tech and combines robotics and engineering, with a strong emphasis on problem solving skills.

### **HAIR & BEAUTY**

# ACUTABOVE

Hairdressing and beauty is a billion pound industry, but as well as being big business it is an industry concerned with health and well-being, helping people to look and feel their best. If you enjoy working with people and are caring, creative and visual, this could be the career for you. The hairdressing and beauty service industry is also a sector made up of many small employers or people who work for themselves, meaning you'll need an independent streak and to be a hardworking self-starter to succeed.

- Hairdresser/stylist
- Aromatherapist • Beauty consultant
- Beauty therapist
- Colour therapist
- Massage therapist
- Nail technician
- Reflexologist
- Image consultant
- Make-up artist
- Salon manager
- Owner/director

35% OF ALL WORKERS
MANAGE OR OWN THEIR OWN SALON

Source: HABIA.org

### **JOB FOCUS: BEAUTY THERAPIST**

Beauty Therapists provide face and body treatments. This could include giving facials and massages or doing manicures and pedicures. It can also include electro-therapy treatments and nonsurgical skin treatments. You could work in a salon, a spa, or on a cruise ship.

Our Inspire salons at our Beverley and Bridlington campuses are open to members of the public and operate as commercial salons. We use Wella Professional products and Dermalogica treatments. Clients enjoy a relaxing experience in a well-equipped, comfortable setting similar to other leading high street salons. Students work on clients under the supervision of highly trained and experienced professionals.

## ACCELERATE YOUR CAREER

The automotive industry is enormous and if cars or motorcycles are your passion, there's lots of exciting job opportunities. The industry is made up of large global manufacturers as well as garages and workshops that carry out maintenance and repair. Of course, there's a revolution going on in the automotive industry and the design of cars is changing in terms of fuel and even autonomous (self-driving) functions. Whatever your job role, a good understanding of mechanics, technology and problem solving skills are essential in today's industry.

## THE WHOLE INDUSTRY WILL EMPLOY 15% OF THE LABOUR MARKET IN 2022

Source: City and Guilds

### JOBS IN THIS INDUSTRY:

- Motor Mechanic
- Motor Vehicle Breakdown Engineer
- Fitter
- Motorcycle Mechanic
- Motorsport Engineer
- Automotive technician
- Diagnostic technicianMaster technician
- Master teerinie
- MOT tester

### JOBS FOCUS: MOTOR VEHICLE BREAKDOWN ENGINEER

Motor Vehicle Breakdown Engineers provide roadside repair or recovery to help people whose vehicles have broken down. You'll need to be able to use your initiative and analytical skills under pressure, as well as the ability to repair the vehicle. If you have persistence, determination and dexterity, this could be the career for you!

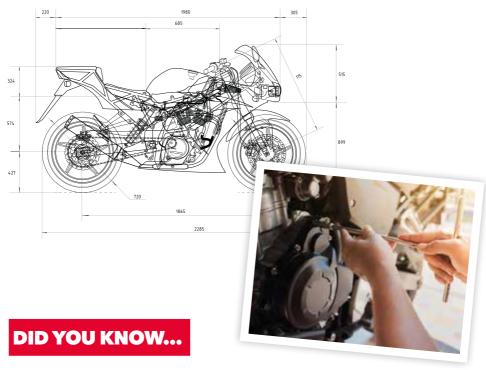

Earning potential: £20,000-£40,000

### OUR MOTOR VEHICLE COURSES

COURSE	LEVEL	DURATION	SITE
Certificate in Light Vehicle Maintenance and Repair Principles	1	One year	Beverley, Bridlington
Subsidiary Diploma/Diploma in Light Vehicle Maintenance and Repair Principles	2	One year	Beverley, Bridlington
Diploma in Light Vehicle Maintenance and Repair Principles	3	One year	Beverley, Bridlington

Diploma in Motorcycle Maintenance and Repair Principles	3	One year	Bridlington

### To be an MOT tester you need:

- to be aged 20 or over
- have a full driving licence for the type of vehicle that you want to test
- have no unspent criminal convictions
- have at least four years' experience repairing the type of vehicle that you want to test.

### **MUSIC & PERFORMING ARTS**

## CREATE YOUR OWN SOUNDTRACK

The music business in the UK is undergoing something of a revival, reporting steady sales and growth despite the challenges of operating in a fast paced digital world. How the industry makes money has adapted to new technologies, and its economic contribution to the UK economy is £4.5bn. The contribution of the arts overall is valued not only in its economic impact, but also in its social and cultural impact. To work in the creative industries takes hard work, creative flair and initiative.

### JOBS IN THIS INDUSTRY:

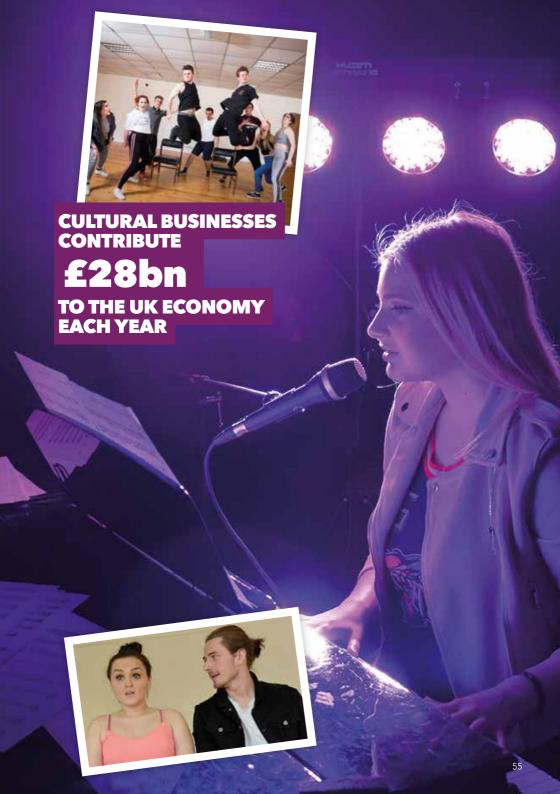

- Musician
- Singer
- Songwriter
- Music promoter
- Teacher
- Sound engineer
- Studio engineer
- Musical theatre performer
- Dancer
- Actor
- Entertainer
- Stage Manager

### JOB FOCUS: PROMOTIONS MANAGER

Promotions Managers publicise recording artists or organise and promote music and arts events at a venue. You might be organising media coverage, booking gigs or negotiating contracts. You'll need arts, music and business know-how, combined with enterprise and organisational skills.

Earning potential: £12,000-£60,000

Our performing arts courses are designed to help you discover your professional strengths. We start by developing a good grounding in all areas of performing arts and allow you to develop and refine your skills in your chosen specialism(s) as the programme progresses.

On both music and performing arts programmes you will have plenty of opportunities to perform.

"My course tutors have taught me so much, not just about music but about the music industry. The College is full of opportunities for you to be successful and is the perfect place to go and study music!"

Music Academy student Harry Denness

### OUR MUSIC & PERFORMING ARTS COURSES

### **PUBLIC SERVICES**

## PUTTING PEOPLE FIRST

Working in the public or uniformed services means making a real difference in other people's lives. The sector is all about protecting people and serving your community. Armed forces careers give you the opportunity to serve your country and assist in humanitarian missions around the world. A range of careers are on offer, from combat to logistics and support. Uniformed services such as the police, fire and prison services also give you the opportunity to serve a community and keep them safe.

### JOBS IN THIS SECTOR:

- Police Officer
- Firefighter
- Police community support officer
- Soldier
- Army officer
- Royal Marine
- Deck Officer

- Civil enforcement officer
- Search and rescue worker
- RAF Aircrew
- Border Force Officer
- Door supervisor
- Immigration Officer
- Prison officer
- Accident investigator

### JOB FOCUS: FIREFIGHTER

Firefighters respond to protect people from dangers and give advice on fire prevention. The job includes maintaining equipment, drills, rescues and putting out fires. As well as a knowledge of public safety and security, you'll need to be a resilient team worker.

Earning potential: £22,000-£42,000

### OUR PUBLIC SERVICES COURSES

### TRAVEL AND TOURISM

YOUR JOURNEY
TO SUCCESS

The British tourism industry is predicted to be worth £257bn by 2025 - supporting 3.8m jobs countrywide. The visitor economy is predicted to grow and will need to recruit people into jobs in the sector to meet demand.

Jobs in the industry are wide-ranging and can include working in hotels, holiday parks, tourist services and visitor attractions, as well as working for holiday or travel companies. Whatever role you have, you can guarantee that excellent customer skills will be essential, alongside team work and communication.

### Jobs in this sector:

- Theme park worker
- Cruise ship steward
- Theatre attendant
- Museum Assistant
- Travel Agent
- Tourist Information Officer
- Events Manager
- Visitor Experience Manager
- Visitor Attraction Manager
- Cabin Crew

## 8,000 EMPLOYED IN THIS SECTOR IN THE HUMBER

Source: LMI Humber

### Job Focus: Visitor Attraction Manager

There's no one set route into this role, but you'll need to have developed business management skills and leadership skills, as well as initiative and working well under pressure. Your role could involve managing budgets, liaising with suppliers, trade bodies or the media. You could be responsible for health and safety and staff training.

Earning potential: £22,000-£50,000

Our travel and tourism programmes create a balance between theory and practical, giving students the best possible grounding in the sector. The Level 2 programme includes cabin crew qualifications and the Level 3 programme includes managerial units, to help prepare you for a variety of roles. The programme is taught through realistic workplace-related projects and students benefit from working with industry partners, including New Horizons, the College's commercial travel agency.

## NEW HORIZONS TRAVEL AGENCY

At its Flemingate campus the College has its own travel agency, which provides services to customers and benefits from the footfall associated with the Flemingate leisure and retail development. The agency provides a range of holidays, short breaks and events bookings, such as concerts. It is part of the Hays Travel group.

### OUR TRAVEL AND TOURISM (OURSES

COURSE	LEVEL	DURATION	SITE
Diploma in an Introduction to Travel and Tourism	1	One year	Beverley, Bridlington

Diploma/Extended Diploma in Travel and Tourism	3	One year/ Two years	Beverley, Bridlington

## ADVANCED LEVEL COURSES

## There are many possible BTEC/A-Level/Advanced Level combinations:

- Although a Level 3 Extended
   Diploma earns you enough UCAS
   points for university entry, you can
   enhance your programme of study
   by adding an additional A-level
- You can study more than one A Level in combination with other advanced level courses
- You can take the Extended Project Qualification as an alternative to an A-Level subject or as an additional qualification.

### **11N4**

## STUDENTS ACCEPTED INTO UNIVERSITY NOW HAS A VOCATIONAL

QUALIFICATION

### THINGS TO KNOW:

- A-levels are externally assessed entirely at the end of two years of study.
- BTEC Advanced study subjects carry UCAS points and are equivalent to A-levels but are more practical in content and have more courseworkbased assessment.
- The certificate award is equivalent in size to an AS level, whilst the subsidiary diploma is equivalent in size to an A-level.
- With an Extended Project Qualification, instead of studying a subject-led curriculum, the student chooses a topic of their choice and completes a dissertation or investigation into that subject.
- There is an opportunity for learners to take the Extended Project Qualification as an alternative to continuing with a subject, post-AS level or to take the Extended Project Qualification as an additional qualification for more UCAS points.

## JOINT OFFER WITH HEADLANDS SCHOOL

### CASE STUDY

Roo studied at Headlands School for his GCSEs, but when it came to the next step, he wanted to combine English & History A-Levels with Creative Media. Roo studies Monday - Wednesday at Headlands School, spends all day Thursday at East Riding College in Beverley and has Fridays free to visit either campus, should he need to.

## JOINT OFFER STUDENT, RUPERT GRAY

He says, "It's really good, I would recommend it. The travelling has been easy and the transition has been easy too - I've made friends on my course and the tutors have been really helpful. I'm really glad I chose the media course, I want to go to uni to study Media or English so it's helping me keep my options open."

BTEC Certificate in Applied Science	34 weeks	Bridlington
BTEC Certificate in Forensic Science	34 weeks	Bridlington

### CASE STUDY

## EXTENDED PROJECT QUALIFICATION, LINDEN PEPWORTH

Linden, aged 20 from Bridlington gained a place to study sports nutrition at his first choice university after achieving an A in his A-Level Extended Project.

Linden chose to study sports nutrition and completed a dissertation investigating the impact of protein intake on strength athletes like weightlifters and the misconceptions surrounding how much protein different sports require. Linden said, "I want to be a sports nutritionist when I finish uni, so doing the extended project gave me the chance to study the subject in depth and I think it really helped my application for the sport and exercise nutrition degree. A-Levels at East Riding College have been my gateway to university."

### **FOUNDATION**

# THE PERFECT FOUNDATION FOR YOUR LEARNING

Our foundation programmes give you the chance to develop a wide range of personal, social and work-related skills. You will become more independent, learn more independently than at school and develop work-related skills. You will work on your core employability skills such as communication, team work and enterprise. We work with a lot of employers, allowing our foundation students to gain real life work experience and practical skills that would suit lots of different workplaces.

### **OUR FOUNDATION COURSES**

COURSE	LEVEL	DURATION	SITE
Entry Level Diploma in Skills for Working Life	Entry 2/3	One year	Beverley, Bridlington
Diploma in Introductory Vocational Studies	1	One year	Beverley, Bridlington
Life Skills		One year	Beverley
Supported Internship		One year	Beverley, Bridlington

"Learners with specific learning difficulties benefit from good targeted support from teachers and learning support assistants, which significantly contributes to their strong progress and success."

Ofsted, 2016

"I have learnt a lot of skills that have helped me gain the knowledge and confidence I need for my next step. I am much more independent than I used to be.

### **ACCESS TO HIGHER EDUCATION**

# READY TO CLIMB HIGHER?

The aim of an access course is to enable mature learners to gain entry to higher education. Our Access to Higher Education Diploma course is an entry qualification to a range of undergraduate programmes and degrees at local and national universities

The course has several pathways you can take, depending on the subject you plan to study at degree level, or the area of interest that you have in terms of your career. Each pathway prepares you for university-level study, covering key skills such as academic writing, research skills and referencing as well as exploring relevant units to the subject area.

The course is fast paced and will normally be timetabled for approximately 15 hours per week, for the full academic year.

Access students acquire the skills - and the confidence - to move successfully onto higher level study.

### **CASE STUDY**

"Whether you might have some confidence issues like I did, whether it's age or IT or being out of study ... I couldn't recommend it highly enough, really, it's been great for me."

Vincent Shepherd

Vincent now studies history and politics at the University of York. He has already had the opportunity to work for an MP at Westminster and hopes to work there in the future.

Access to Higher Education Diploma (Social Science) Pathway	3	36 weeks	Beverley, Bridlington

## **APPRENTICESHIPS**

## EARN A WAGE WHILE YOU LEARN THE ROPES

Apprenticeships are an excellent choice for anyone keen to get straight into the world of work. You can kick off your career straight away, learning on the job. If you're already employed, an apprenticeship is also an excellent way to improve your skills whilst still working.

In most apprenticeships, you spend most of the week in work, and typically, one day a week on your theoretical knowledge, English, maths and other essential skills. Some of our apprentices even do this in the workplace.

You will work towards a framework or a standard, depending on your industry, both of which result in a qualification to demonstrate your ability to do your job. Frameworks are assessed throughout the programme and standards tend to be assessed at the end. On your 'theory day', you will study for a technical certificate relevant to your industry and develop the key skills demanded by employers in all industries, such as literacy, numeracy and IT.

### DO I NEED A JOB BEFORE I START?

You can't do an apprenticeship without a job, but there are a number of ways to start an apprenticeship.

You can apply for an apprenticeship vacancy with a business, or you may already work for a company which decides an apprenticeship is the best way to develop your skills.

Apprenticeship vacancies are usually advertised on behalf of an employer by East Riding College. The College can provide help with your CV, tips on interviews and guide you through the application and interview process.

If you don't feel ready to dive straight in, we have an apprenticeship fast track to work scheme to get you up to scratch! It's a short 4 week course which helps you develop your CV, identify your personal strengths and coaches you for job interviews.

See which apprenticeship vacancies are available now at www.eastridingcollege.ac.uk/apps

## WE OFFER APPRENTICESHIPS IN:

- > Business & Law
- > Construction
- > Digital & IT
- > Early Years & Care Services
- > Engineering
- > Finance
- > Hairdressing & Beauty
- > Hospitality & Catering
- > Leadership & Management
- > Motor Vehicle
- > Retail & Sales
- > Science & Education
- > Sport & Public Services
- > Travel & the Visitor Economy

### AN ALTERNATIVE ROUTE TO UNI

Advanced and higher apprenticeships also generate UCAS points towards degrees and other higher education courses at most universities and colleges. So, you can start your career as an apprentice without ruling out higher level qualifications and future advancement in your industry.
