**Free Travel** is available for students who meet the income criteria (please check page 1), and who are living more than two miles from the nearest College site delivering their course.

The free travel is by East Yorkshire Buses (EY Buses), or dedicated College services, BC4, BC8 or ER1.

Travel by other means where the above is not available/suitable is subject only to prior agreement. Please detail if required on your application in section 6 of the application form.

**RETURNING STUDENTS PLEASE NOTE THE ER1 ROUTE HAS CHANGED TO INCLUDE KINGSWOOD AND BRANSHOLME.**

## How does it work?

**East Yorkshire (EY) Buses and ER1 - DO NOT FORGET to send in 1 Passport type photo when you apply.**

- The pass is via the EY Bus mobile app on your smart phone, you download it and create an account using your college email address which you will receive on enrolment (if you do not have a smartphone tell us).
- **RETURNING STUDENTS** - if you didn't use your College email address for your EY Bus App account last year please create one with it for this year (you cannot use personal/non-college emails this year).
- You will then receive an activation code and instructions from us to activate your pass on your phone.
- If you apply and your application is agreed **before** Friday 12<sup>th</sup> August then we will issue a temporary pass/activation code during enrolment.
- If you apply **after** Friday 12<sup>th</sup> August then we aim to provide a temporary pass/activation code within 5 working days (Mon/Friday), from enrolment, once your application is agreed. You do have to pay your own fares in the meantime and there are no refunds. The passes have to be collected from College, codes will be sent out electronically.
- EY routes are detailed on the Mobile App and also the EY Buses website, see our application for details, you can find the detailed (revised) ER1 route on our website but you will be issued with a timetable and map as well.
- The ticket is for use by yourself only on timetabled college days only.
- Any use of it on other days or on a second device or by another person will be deemed misuse. This also relates to temporary and plastic passes issued.
- Misuse may mean the suspension or cancellation of the pass, invoicing for any additional journeys and you being asked to leave the bus.

**BC4 and BC8 Buses - DO NOT FORGET to send in 1 Passport type photo when you apply.**

- You will be issued with a specific BC bus pass after you are enrolled and your application has been agreed. For the first two weeks your Student ID card acts as your pass.
- You can find the detailed routes on our website but you will be issued with a timetable and map with the bus pass.
- You will be able to download the EY Bus mobile app so you can have access to their public service routes as well. This is because some of your lessons may start later or finish earlier than 9am/4pm. Please ensure you read the information above.

Your application includes applying for a bus pass for the above EY Bus services and other college related services including the ER1, BC4, BC8 and ER2. You are signing to confirm you understand that their terms and conditions of carriage relate to you whilst travelling with them, a copy is available from the company via their website <https://www.eastyorkshirebuses.co.uk>

## Assisted Transport

Students who have Assisted Transport agreed by their local Council may be eligible for help towards any financial contribution they have to make, subject to evidence being provided. This is paid half termly in arrears.

## Other Transport requests

These are only agreed in specific cases where travel by any of the above is impossible for the student for a few exceptional reasons. This could include childcare commitments/medical needs. Please contact us for assistance so we can advise what we can help with.

Reimbursements for other transport, such as rail fares and petrol allowances are always paid in arrears with the first one on 12<sup>th</sup> November 2022. Please therefore bear in mind you will fund 9 weeks of travel before being reimbursed.

## Kit/Uniform/Equipment/Materials

Attached (page 8) is a list of possible costs for your course. It also details the maximum of what may be reimbursed to you. Some courses require you to have the Uniform and Kit within a couple of weeks of starting so please be aware that these may need to be purchased prior to receiving financial support.

Other courses may incur costs throughout the year, and these can be claimed when they arise. You are expected to fund the costs and then the College looks to reimburse the cost up to the maximum quoted subject to funds being available. You need to produce receipts, order confirmation or in exceptional circumstances tutor confirmation, for a refund. Please provide these to Learner Finance as soon as possible.

The first reimbursement of costs is on 12<sup>th</sup> November (must apply before 21st October) so any costs due before then will have to be paid out by yourself.

For stationery items please see the E Learning staff as they stock a range of items at very reasonable prices - these items are not included for reimbursement due to the low cost.

**REMEMBER** these reimbursements are subject to available funds.

## Vulnerable Young People (under 19 as at 31<sup>st</sup> August 2022 only)

There is a bursary for young people either in Care, Care Leavers or supporting themselves or others financially, which is up to £1200 for the full academic year.

The amount is based on actual financial need and will cover costs such as Travel, Kit/ Uniform/ Equipment/ Materials and Meals at College not covered by the FMFE scheme below. It is **not** a guaranteed or automatic amount. Your bursary allowance will cover your costs as detailed above.

Non bus travel will be reimbursed weekly in arrears on a Monday and based on your attended college days.

Paying for Kit/Uniform/Equipment/Materials will be discussed when you apply as arrangements need to be confirmed. You may still have to pay for it up front and be reimbursed as detailed under section 2 above.

If you are not entitled to the Government Free Meals in Education, under section 4 below, you will be allocated a Meal allowance for each day you are in College. See the details on Free Meals below on how to claim it.

## Free College Meals(FMFE)

Free Meals in Further Education are available to students who are from households that meet the Government set criteria and receive certain eligible benefits.

These include certain levels on Universal Credit, Child Tax Credit, Income Support and Employment Support Allowance. For more information please ask by emailing [learnerfinance@eastridingcollege.ac.uk](mailto:learnerfinance@eastridingcollege.ac.uk) or calling 0345 120 0044 and selecting option 5.

This element is only for those students who are **under 19 as at the 31<sup>st</sup> August 2022**, or have an EHCP, or are continuing with the 2<sup>nd</sup> year of a course which you started aged when you were under 19.

Those students eligible will be entitled to a free meal in the canteen at either Beverley or Bridlington on the days they are registered to be in College. Those studying in Hull will receive a cash payment each half term in arrears with the first one being the 9<sup>th</sup> November.

Meals in the canteen will be obtained by either using your Student ID card to confirm your eligibility to a meal or via a voucher system. At this stage the method is still being finalised. Confirmation will be given when your application is agreed.

## Childcare

If you are aged **under 20** at the start of your course, you **must** apply online for childcare support via Care-to-Learn. For further information contact a member of the Guidance or Learner Finance Teams and to apply visit: [www.gov.uk/care-to-learn](http://www.gov.uk/care-to-learn).

Those **over 20** as at the 31<sup>st</sup> August 2022 may be eligible for childcare support. You will be required to complete a Childcare registration form, in addition to the application, available online or via reception, before we can consider your request. One per Childcare provider you are using.

Your application will need to be assessed and agreed before any invoices for Childcare can be paid. Any charges incurred before your request has been agreed will be payable by yourself.

The invoices for Childcare are paid **in arrears**, on a monthly basis, direct to the Childcare provider. Please see the Childcare registration document for more information - see the College website for a copy.

Remember any Government funded hours are used to offset your College course hours first before the College funds any additional childcare hours required. Maximum financial support is £180 per week per student.

## Fees

If you do have to pay course fees then depending on household income you may receive a fee remission of up to 75% towards them. Fee support is for those learners aged 19+ and not eligible to apply for an Advanced Learner Loan or not eligible for a fee waiver, on eligible courses. You may also be eligible to set up an instalment plan for any outstanding amount not paid on enrolment.

Household income criteria is: £25000 or less 75% fee remission, £25001 to £30000 50% and over £30000 Nil. You will be required to pay a percentage of the fees on enrolment before any remission or payment plan is calculated. Income is for the whole household, including parents/grandparents.

## Other Financial Support

If you require financial support with other costs relating to your college course, you can request this in Sections 3 and 6 of the application form.

Some Courses involve trips which may attract a contribution - please ensure you tick the box in Section 3 of the application box.

Costs may arise during the year so you are able to apply for support throughout the year subject to funds being available.

## What happens next?

We aim to contact all applicants within 4 weeks of receipt of their application although this timescale may be extended within the first term.

**If you apply before Friday 12th August we aim to have bus passes in place during enrolment for those applications that have been agreed.**

We will acknowledge your application by email, either to your personal or college email address. If applicable, with this we will send you details of how to access your bus pass/routes and terms and conditions. Also we will send the following, if applicable kit/equipment/uniform/materials list, reimbursement payment dates and Childcare information.

## Terms, Conditions and Points to consider

The amount of financial assistance awarded is dependent on your individual circumstances and actual financial need. It is intended to help you with the costs of overcoming any financial barriers you may have when attending College. Therefore amounts will vary from student to student and course to course.

**Please Note:** Even if you are successful in your application for financial assistance, you may not receive any payments prior to the start of your course. The first planned reimbursement is 12<sup>th</sup> November.

All payments will be made by Bank Transfer into the learner's account according to a pre-set schedule, a copy of which will be available at reception desks or via email. In the case of other costs this may vary, either paid as a one off or in equal instalments.

**All payments are conditional upon: -**

- Meeting the conditions set out in the College's Charter for Success and Learner Agreement including those relating to punctuality, behaviour and performance.
- A **minimum** of 90% attendance on your course and 90% attendance in English/Maths (where applicable) per half-term
- Satisfying the residency criteria set by the ESFA Funding Regulations

An unsuccessful application will mean you are responsible for all costs associated with your course. If your circumstances change, you will be able to reapply although funding is allocated on a first-come first-served basis. If your application is not successful, you may request an appeal by providing additional written and documentary evidence to support your appeal which will be considered by the Financial Monitoring Committee. This can be submitted by hand to a member of the Learner Finance Team or by email to [learnerfinance@eastridingcollege.ac.uk](mailto:learnerfinance@eastridingcollege.ac.uk)

### General

The funding the College has to help you with the cost of studying comes from Government funds and is public money. The assistance you receive is a discretionary award and it will always be conditional on your attendance and behaviour at college. Whilst we recognise that students face financial pressures, the College has a duty to make sure the funds are awarded fairly and to the students most in need. For learners aged under 19 in the higher income brackets who are only being supported for travel, funds do not come from the Learner Support Funds, they are funded by the College's own funds.

**The funding is limited; learners who are eligible for support are not automatically entitled to it and changes may be made to awards during the academic year subject to funds being available.**

You will **not** receive funding if you have outstanding debts to the College or you receive financial assistance for college-related expenses through Jobcentre Plus or DWP. No cash payments will be made except in exceptional circumstances. Payments will be adjusted pro-rata for late starters, late applicants and early completers.

Payments will only be made to 'active' learners, no payments will be made to learners who have withdrawn prior to the payment date and payments to non-attending learners may be withheld and/or reduced at the discretion of the College. Funding will be suspended for any learner who is temporarily excluded from college during a disciplinary and will cease for those excluded from college. **If you give false information, amend your course details or withdraw from the course you may be required to repay any funds granted and/or return any kit in good condition.**

### Exceptional Payments

Where a payment has been refused due to poor attendance and/or behaviour, we may consider an exceptional payment depending on individual circumstances and based on **tutor feedback**. Decisions on an exceptional payment will be made by 2 members of the Financial Monitoring Committee and will require evidence of exceptional reasons for absence.
