

How will my GCSE English & maths grades be awarded this summer?

1. Your tutor(s) will give the exam board a centre assessed grade – the grade we estimate you would have got this summer.

It will be based on classwork, in class assessments, mocks and work completed in your books/folders.

The government have now asked us not to ask you to do any more assessments which will contribute to your grade. We do however, expect you to continue with your work set by your tutors which will help you continue to develop your skills and prepare you for your next steps.

2. Your tutor(s) will also have to rank students for each grade.

E.g. who is most likely to get Grade 5?

Who is least likely to get Grade 5?

We are not allowed to share this information with you.

3. The exam board will use this information to award your grade.

They will look at how well the college did last year and how well you did in your last exams.

They may change the grade that we give to them.

What happens next?

1. You will get your results in the summer.
We hope that this will be earlier than the normal results day but we don't know yet.
2. You will be able to use your results to progress onto your next step (the next step in college, an apprenticeship, university or employment) in the usual way. Your results will be treated exactly the same as regular exam results by everybody.
3. If you are unhappy with your results, you will be able to appeal.
Or, you will be able to sit actual exams in the autumn.
