

THEY DID, YOU CAN TOO!

PROGRESSION SUCCESS

Lewis Singleton

From the age of 13 Lewis has been inspired to pursue a career in animation. First starting on an entry level programme in his first year of college in 2009, Lewis has progressed through different levels of various programmes focused around media. Lewis received support from all of his tutors, to overcome his needs in the classroom.

Lewis is fuelled by his love for animation, films and comics, his work often instils inspiration from these mediums! He has gained a wide range of skills, including, 3DS Max and multiple Adobe CC Programmes such as Animate Premiere, Photoshop, Illustrator and After Effects, Lewis has used these in multiple projects and undertaken roles as director and project manager.

Lewis is currently studying for his PGCE and is volunteer teaching in the college's media department. He is pursuing his dream of becoming a teacher.
